

episode[®] LANDSCAPE *SERIES*

A complete sound system that brings music to life, the Episode[®] Landscape Series is the perfect addition to any outdoor space. Attractive speakers blend seamlessly into the environment, providing maximum performance and minimum visual interference, while a Crown[®] amplifier and burial subwoofer add some serious power. Whether you're playing soft background tunes or rocking out for a party, this professional grade system will have you smiling the whole time you're listening.

PROFESSIONAL GRADE PERFORMANCE

Built specifically to provide powerful sound for every occasion, the Episode® Landscape Series adds instant excitement to the outdoors. Top-quality speakers, a powerhouse Crown® 1,000 watt amplifier, and a beefy burial subwoofer enable this system to hit all the high notes and provide deep, robust sound to evenly cover any space.

ATTRACTIVE, LOW-PROFILE DESIGN

Landscape speakers are meant to be heard – and not seen. These aesthetically pleasing models blend right into your outdoor space without missing a beat. Whether mounted on the ground, in a tree, or under an eave, they deliver top-notch audio without drawing attention to themselves.

COMPLETELY CUSTOMIZABLE

No matter what size your outdoor space is, this family of products can be customized to fit – providing power, precision and the perfect amount of punch. From small backyards to large outdoor patios, you'll get exceptional sound across the entire area.

BUILT TO WITHSTAND THE WEATHER

Outdoor systems need to be tough enough to handle whatever the environment dishes out. That's why Episode® Landscape Series products are designed with heavy-duty components and tough exteriors. They've been tested in extreme temperatures and are sure to keep performing exceptionally for years to come.

EPISODE® LANDSCAPE SERIES BURIAL SUBWOOFER WITH 12 IN. WOOFER

The perfect complement to the Episode® Landscape Series Speakers, this burial subwoofer packs a punch and adds some serious power to your system. Equipped with premium components like a beefy 12” Mica-filled polypropylene woofer and computer-optimized port, it delivers deep, pounding bass and hits all the low notes. Its body gets buried underground, so all you see is the brown dome – making it an easy addition to any landscape.

Woofer:	12” High Compliance, Mica-filled Polypropylene with stitched NBR Surround
Voice Coil:	Oversized 2.5”high-power, 4-layer on fiberglass bobbin
